### **Replace the tenderloin with Redefine meat**

*Through New-Meat we are transforming the way we eat meat for a better future. We offer you great meat without having to compromise. This flank steak is 100% plant-based and developed by a team of meat lovers for the mouths of meat lovers, you deserve the same great beef you've come to expect and love, but much more sustainable. For years, Redefine meat has studied the complex structure of meat to understand what drives each sensory process and to ensure that we can provide the same experience as eating animal meat. Let's change the world.*

## Inspiration Menu

*In this menu I like to be inspired by the season and the local & regional availability, but also by unknown influences from further away.*

*I was inspired by **Crayfish**, a wonderfully beautiful taste and structure, and also a problem in nature because they are occurring in our rivers in too large numbers, thus disrupting the ecosystem. One of the entrées came from my walks in the food forest. Here the **Sorrel** shoots out of the ground on all sides. I combined this beautiful product with one of my favorite combinations from this season, watermelon with pimientos de padron.*

*We also get inspiration from the products from our own soil. **Catnip** is popular in our kitchen because of its floral character.*

***Fermentation** is a process that we like to use. We use fermentation to enhance flavors and so we can limit our salt content.*

*Young **sheep** is another product we enjoy working with. It has a bad image, I'll be happy to prove you otherwise.*

*The pre-dessert is really **THE** course to choose for me. Here I can always go wild, and combine **mackerel** with dessert components in a special but very tasty way. We close the menu with my daring desserts, today inspired by sweet **Carrot & Kefir**.*

*Taste, experience and enjoy!*
