Winelist

“Our passion for wine is reflected in this wine list. Every day, our dedicated team searches for new wines with which we can surprise both ourselves and our guests. We love pure, classic wines—wines with character, made by wine-makers who share our passion. Despite our fondness for classic wines, we also want to show that there is much more to discover than the usual grape varie-ties, regions and styles. These wines often capture our hearts as well, which is why we are delighted to share them with you. The wine list is therefore organised ***by country, region and flavour profile*** *to provide you with a clear overview.”*

Enjoy!
